## CAREER OBJECTIVE

I'm a final-year Computer Science and Engineering student in KL University with a strong passion for technology and innovation. I've built a solid foundation in programming, algorithms, and data structures during my academic journey. Apart from coursework, I've actively engaged in hands-on projects, enhancing my practical skills and knowledge.

## SKILLS

**Languages:** Java, C, Python.

**Web Technologies and Tools:** Django, Spring, Spring Boot, Figma

**Database:** Relational Database(MySQL).

## PROJECTS

Spring Boot

### Student Course Management System

Utilized Spring Boot, HTML, JavaScript, and MySQL to develop a comprehensive system. Enhanced academic operations for all stakeholders by facilitating seamless registration, enrollment, and communication. Integrated advanced features such as authentication, role-based access, and reporting. Resulted in heightened administrative efficiency and improved student engagement.

**Technologies Used:** Spring Boot, Javascript, MySQL, HTML, CSS

Django

### Event Management System

GitHub.com

Utilized Django for event management, showcasing web development expertise. Implemented features for creation, registration, scheduling, and real-time updates. Designed intuitive interface for organizers and attendees, prioritizing user experience. Proficient in Django, ensuring efficient data management and user-friendly platforms.

**Technologies Used:** Django, Javascript, MySQL, HTML, CSS

## EDUCATION

08/2021 - 05/2025 **KL University,AP**  
CGPA-9.59

B.Tech

06/2019 - 05/2021 **Sasi Educational Institute**  
Percentage-92.4

Intermediate

07/2018 - 04/2019 **Prathibha E.M High School**  
CGPA-9.2

High School

## EXPERIENCE

February-2024

### PwC Launchpad Programme

PWC

I have enrolled in the intensive PwC Launchpad Programme after being selected as a distinguished shortlisted candidate. Actively participating in rigorous coursework and practical exercises, gaining invaluable insights into Python, Java, RDBMS, DevOps, and Cybersecurity.

september-2023

### Participant, Smart India Hackathon

SIH

Contributed to the design and development of a prototype solution for a specific problem statement during the Smart India Hackathon.

## CERTIFICATIONS

07/2023

**AWS Certified Cloud Practitioner**

08/2023

**Red Hat Certified Enterprise Application Developer (EX-183)**

## LANGUAGES

**English** - B2+, **Telugu** - Native
